ABSTRACT

Yogi Alfri Pradana, 2014. **Word Formation Process of Register in Prostitute Community found in Moammad Emka's Jakarta Undercover Sex in The City**. English Study Program, Universitas Brawijaya. Supervisor: Lalu Merdi; Co-supervisor: Didik Hartono.

Key words: word formation processes, register, prostitute community, Jakarta undercover sex in the city.

Humans use language as a tool to interface the communication among humans. In the development stages, the language has several variations that occur in certain conditions and opportunities. Register is included in language variations that occur due to the type of employment and particular social class. Registers can be found in the writings form such as books, literature works or in such unwritten form such as general discussion and conversation. On this occasion, the writer is interested in analyzing word formation process of register in prostitute community found in Moammad Emka's book entitled *Jakarta undercover sex in the city*. There are three problems to be solved in this study, namely (1) what are the registers found in the prostitution community in *Jakarta undercover sex in the city*? (2) what are the registers formed by word formation process found in *Jakarta undercover sex in the city*? (3) what are the meanings of the registers of prostitute community found in *Jakarta undercover sex in the city*?

This study uses qualitative approach to describe the register in prostitute community. Document analysis applied in this study since the data are in the text form in *Jakarta undercover sex in the city* book.

There are 24 chapters to be analyzed. All the data are found in 37 conversations, sentences, or citations in Indonesian. 37 registers found in this study are analyzed using the theory of English word formation process and the theory of *Bahasa Indonesia* word formation process. There are 15 registers found that are analyzed using English word formation process theory, meanwhile there are 41 registers found that are analyzed using *Bahasa Indonesia* word formation process theory.

The writer suggests the next writer investigate register in prostitute community in Emka's other literary work. The writer also suggests other writer conduct a study which is investigating register in other field besides prostitute community.

ABSTRAK

Yogi Alfri Pradana, 2014. **Proses Pembentukan Kata pada Register di Komunitas Prostitusi dalam karya Moammar Emka pada buku *Jakarta undercover sex in the city***. Program study Sastra Inggris, Universitas Brawijaya. Dosen pembimbing (1) Lalu Merdi (2) Didik Hartono

Kata kunci: Proses pembentukan kata, Register, komunitas Prostitusi, Jakarta undercover sex in the city

. Manusia menggunakan Bahasa sebagai alat penghubung untuk saling berkomunikasi antar sesama manusia. Dalam perkembangannya, bahasa memiliki beberapa variasi yang terjadi akibat suatu kondisi dan kesempatan tertentu. Register termasuk salah satu variasi bahasa yang terjadi karena jenis pekerjaan dan kelas sosial seseorang. Register bisa ditemukan pada tulisan yang berbentuk buku, karya sastra atau pada yang tak tertulis seperti pembicaraan umum dan percakapan. Pada kesempatan ini penulis tertarik untuk menganalisis proses pembentukan kata pada register di komunitas prostitusi dalam buku Moammar emka yang berjudul *Jakarta undercover sex in the city*. Ada tiga rumusan masalah yang dijawab dalam studi ini, yaitu (1) register apa sajakah yang ditemukan dalam komunitas prostitusi dalam buku *Jakarta undercover sex in the city*? (2) apa sajakah Register yang dibentuk oleh proses pembentukan kata yang ditemukan dalam buku *Jakarta undercover sex in the city*? (3) apa arti dari register di komunitas prostitusi yang ditemukan dalam buku *Jakarta undercover sex in the city*?

Penelitian ini menggunakan metode pendekatan kualitatif untuk mendeskripsikan register pada komunitas prostitusi. Analisis dokumentasi diterapkan dalam studi ini karena data dalam berbentuk teks dalam buku *Jakarta undercover sex in the city*.

Terdapat 24 bab yang dianalisis dalam studi ini. Semua data ditemukan dalam 37 percakapan, kalimat, maupun kutipan dalam bahasa Indonesia. Peneliti menggunakan teori dari Yule dan Chaer untuk menganalisis data. 37 register yang ditemukan dalam studi ini yang dianalisis menggunakan teori proses pembentukan kata dalam bahasa Inggris dan teori proses pembentukan kata dalam bahasa Indonesia. Terdapat 15 register yang ditemukan yang dianalisis menggunakan teori proses pembentukan kata dalam Bahasa Inggris, sementara terdapat 41 register yang ditemukan yang dianalisis menggunakan teori proses pembentukan kata dalam Bahasa Indonesia.

Penulis menganjurkan penulis selanjutnya bersedia meneliti register pada komunitas prostitusi dalam karya Emka yang lainnya. Penulis juga menyarankan penulis selanjutnya untuk membuat penelitian yang meneliti register di luar komunitas prostitusi.
